October 29, 1965

Dear Sir,

The people of Hancock County are to be congratulated for the dignified and effective way which they handled the presence of the KU KLUX KLAN Rally in their midst. Their almost total absence from this meeting was the best and most eloquent expression of their opinion of it.

Hopefully, it will serve to derail the KLAN's program to "HELP STAMP OUT MENTAL HEALTH," at least in this area.

A special note of appreciation is due the two area Newspapers, whose low-keyed treatment of the whole proceedings contributed substantially to the quiet demise of this rally.

Sincerely,

Father Hayes

UNDEFEATED BAY HIGH IN 2-0 WIN OVER ST. JOHN

Undeclared Bay High rolled to its eighth victory of the season Friday night defeating the St. John Eagles of Gulfport 26-0 in an inter-conference high school football contest.

Coach Lance Lumpkin's Tigers, who have only a season opening 0-0 tie with Stone of Wiggins to mar an otherwise perfect record, pushed across single touchdowns in the second and third quarters and added a pair of tallies in the final period.

Halfback Mike Strong, leading scorer in the Gulf Coast Conference, picked up a pair of touchdowns to lead Bay High's scoring parade.

He scored on a five-yard run to end a 62-yard drive early in the fourth quarter and later in the period streaked 63 yards to pay dirt on a punt return.

Fullback Gary Fricke picked up the initial Bay High touchdown on a four-yard run to climax a 35-yard drive. Strong also set up this score on a 23-yard pass from quarterback Dick Mestayer that carried to the four.

The other Tiger tally came on a four-yard pass from Mestayer to end John Gowin to climax a 46-yard third quarter drive.

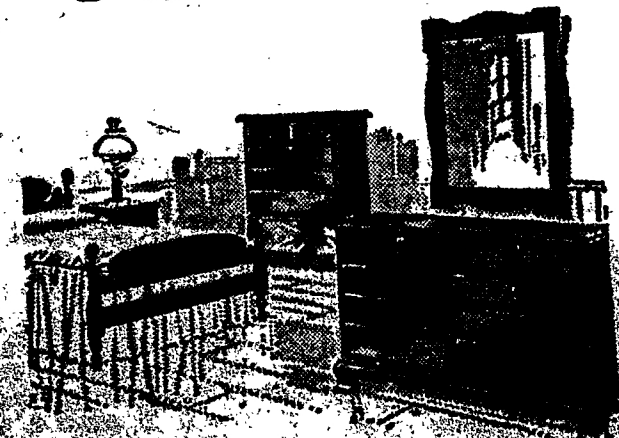

Boogie Dean kicked one extra point from placement and Fricke ran for the other.

The Tigers penetrated St. John's 20-yard line five other times in the games but were stymied by the Eagles' defense.

Next Friday Bay High visits Ocean Springs for a showdown battle with the Ocean Springs Greyhounds for the Gulf Coast Conference championship. St. John resumes action Saturday night at Gulfport against the Harrison Central Red Rebels.

PLAN 300 HEALTH INFORMATION CENTERS THROUGHOUT STATE

JACKSON, Miss. — A campaign to be launched here in conjunction with National Community Health Week (Nov. 7-13) will establish over 300 Health Information Centers in pharmacies throughout the state.

The Health Information Centers are being sponsored by the Mississippi State Pharmaceutical Association and according to Marshall C. Smith of Hattiesburg, president, the project is aimed at making needed health information literature readily available to all Mississippians.

According to Mr. Smith, the state pharmaceutical association will encourage pharmacists throughout Mississippi to set up Health Information Centers in pharmacies across the state as a public health service.

The Centers will consist of a display unit that will contain free information booklets and leaflets that are designed to answer frequently asked questions about various diseases in addition to various other materials related to public health.

Many people have been unconsciously using their community pharmacist as a family health counselor for years and through this program of literature distribution we hope to better serve the public by making factual information readily available to everyone," he said.

"We are joining other pharmacists across the nation in this program," he said, explaining that a number of other states have inaugurated similar programs.

The centers will be kept completely up-to-date with the latest available literature which will be furnished regularly by the American Pharmaceutical Association.

"The Mississippi Health Information Centers will effectively combine the information distribution efforts of all of the major societies, agencies of the government and other health organizations," Smith added.

In addition to literature answering commonly asked questions about diseases, the program will include continuing education reference material for the pharmacist to help him keep up with recent developments in the public health area.

ST. STANISLAUS BEATS SLIDELL 12-7 FRIDAY

St. Stanislaus came from behind in the final three minutes of play to register a 12-7 interstate high school football triumph over Slidell, La., Friday night at Rockchaw stadium.
 Trailing 7-6 with time running out, St. Stanislaus drove 66 yards for the game-winning touchdown with three minutes left in the game.

The Rockchaws of Coach Billy Murphy opened the scoring with a second quarter touchdown, but saw Slidell take a 7-6 lead with an early fourth quarter TD and extra point.

Quarterback John O'Boyle, making his initial start of the season for the Rockchaws, scored one touchdown and passed for the game-winning tally.

O'Boyle, on a quarterback keeper, swept right end and raced

82 yards for the game's final score. Bud Antle was forced short of the goal when he attempted to run for the extra point.

A 13-yard pass from O'Boyle to Rusty Judin accounted for the game-winning touchdown.

Slidell's Tigers capped a 40-yard drive when Ricky Howe raced 14 yards to paydirt early in the third period. Jeff Franks kicked the extra point that gave Slidell its brief 7-6 lead.

St. Stanislaus will celebrate homecoming next Friday night by entertaining the Vancleave Bulldogs.

Quarter scores:
 Slidell 0 0 0 7 —
 St. Stanislaus 0 6 0 6-12

LEGAL NOTICE

PUBLIC NOTICE

NOTICE is hereby given that the Board of Supervisors of Hancock County, Mississippi, invites sealed proposals for three (3) separate oil, gas and mineral leases respectively covering the following-described lands in Hancock County, Mississippi, to-wit:

Lease No. 1
 Township 7 South, Range 14 West
 Section 16: Entire Section
 640.60 acres

Lease No. 2
 Township 7 South, Range 15 West
 Section 16: Entire Section
 639.56 acres

Lease No. 3
 Township 9 South, Range 16 West
 Section 16: Entire Section
 429.39 acres

To be acceptable by said Board, each proposal to lease the aforementioned lands must be a proposal pertaining to and embracing all three of the leases covering the lands described above.

Each of said leases shall be for a primary term of five (5) years and so long thereafter as oil, gas or other minerals are produced from said land or land with which said land is pooled therewith. The annual delay rental shall be the amounts set out respectively in the prescribed forms of said leases on file and available for inspection in the office of the Chancery Clerk of Hancock County, Mississippi. The royalties to be contained in said leases shall be as follows: (A) on oil, one eighth (1/8th) of that produced and saved from the land, the same to be delivered at the well or wells, or to the credit of Lessor into the pipe line to which the wells may be connected; Lessee may from time to time purchase any royalty oil in its possession, paying the market price therefor prevailing for the field where produced on the date of purchase; (B) on gas, including casinghead gas or other gaseous substances, produced from said land and sold or used off the premises or for the extraction of gasoline or other product therefrom, the market value at the well of one-eighth (1/8th) of the gas so sold or used, provided that on gas sold at the well or wells, the royalty shall be one-eighth (1/8th) of the amount realized from such sale; while there is a gas well on subject lease or leases, or on acreage pooled therewith, but gas is not being sold or used, Lessee may pay as royalty, on or before ninety (90) days after the date on which (1) said well is shut-in, or (2) the land covered hereby or any portion thereof is included in a pooled unit on which a well is located, or (3) this lease ceases to be otherwise maintained as provided therein, whichever is the later date, and thereafter at monthly intervals, a sum equal to one-twelfth (1/12th) of the amount of the annual rental payable in lieu of drilling operations during the primary term thereof and further provided that if such payment is made or tendered, subject lease or leases shall not terminate and it will be considered that gas is being produced from subject lease or leases in paying quantities; and (C) on all other minerals mined and marketed, one tenth (1/10th) either in kind or value at the well or mine, at Lessee's election, except that on sulphur mined and marketed, the royalty shall be fifty cents (50c) per long ton. Lessee shall have free use of oil, gas, coal and water from said properties, except water from Lessor's wells, for all operations hereunder, and the royalty on oil, gas and coal shall be computed after deducting any so used; and said leases shall be in the respective forms prescribed by the Board of Supervisors by order dated 10/8/65, a copy of each of which prescribed forms of leases is on file and available for inspection in the office of the Chancery Clerk of Hancock County, Mississippi. Sand, clay and gravel shall be specified, if excepted and exempted from the terms and provisions of each of said leases.

Sealed proposals must be filed with the Clerk of the Board of Supervisors of Hancock County, Mississippi not later than 10:00 A.M., on November 8, 1968 at which time they will be opened and acted upon, and the Board of Supervisors shall award the lease to that bidder making the highest and best bonus consideration offer, in the manner provided by law. The Board of Supervisors reserves the right to reject any and all bids.

BY ORDER of the Board of Supervisors of Hancock County, Mississippi dated 8th day of October, 1968.

The ballot should be marked and sealed inside the plain envelope, and this should be put inside the envelope with the statement on the back. This statement is a certification that the ballot was marked by the farmer personally without undue influence by any person. A witnessed mark will also qualify as a signature. The envelope should then be mailed or otherwise delivered to the ASCS county office.

The ballot should be marked and sealed inside the plain envelope, and this should be put inside the envelope with the statement on the back. This statement is a certification that the ballot was marked by the farmer personally without undue influence by any person. A witnessed mark will also qualify as a signature. The envelope should then be mailed or otherwise delivered to the ASCS county office.

Fishing from the railroad and highway bridges continues to be good. Speckles have been caught weighing up to 4 lbs. and better. Some big flounders and other salt water fish are caught daily. Down along the seawall all the way to Bayou Caddy fishing has been good with dead bait and plugs being used. In fact, fish are being caught most everywhere at this time. We are fortunate to be able to go fishing out on the R. R. Bridge since all of the piers all along the seawall were destroyed by the hurricane. This affords a place for fishermen to go who don't own boats and there is no telling what kind of fish can be caught. Just a couple of weeks ago even Spanish Mackerel were caught off the bridge. Mackerel come in once a year. They are fighting fish and give the angler a hard time when hooked. These fish hit mostly shiners or small mullets but can be caught on artificial baits. Fishing up Jordan River and down by Ansley and Campbell's bayou has been improving. Some large speckles and red fish are being caught.

For those who don't know boats and bait can be secured at La France's Camp at Ansley south of the railroad and good fishing can be had in Heron Bay, Red Fish Bayou, and Campbell's Bayou a short distance from the camp.

The second part of the dove season is in full swing but will close on Nov. 6, this Saturday. According to local hunters doves have been plentiful and some swells have been enjoyed, mostly on the week ends when the average guy don't have to work. Us lucky old birds, retired, who can go any old time, have a hard time finding someone to go with. I'm in that category!

To mention a few of our local hunters who have been enjoying dove hunting, they are: August Kauxer, Jr., and sons, Nickey, Kauxer and Ronnie, Luke Elliott and his dad, Dec. Elliott Cotton, Willie Williams, Eric Necaise, Joe Kern, Herb Wise, David Carter, Steve Church, Argle Mitchell and others I can't think of, off hand. Could mention who is the best dove hunter but that is out of the question. I'm a lover not a fighter. Everyone thinks they are the best. Leaving kidding aside we have some mighty good hunters in our midst.

With the rabbit and dove seasons now open our next best hunting will be for Ducks and other water fowl.

The seasons are, Rails and Gallinules: Sept. 18 through Nov. 26; limit 15, 30 in possession. Snipe: Nov. 27 thru Jan. 15 — limit 5 in possession. Woodcock: Nov. 27 thru Jan. 15, limit 5, possession 10. Ducks: Dec. 1st thru Jan. 9 with the limit of 4, 8 in possession. Geese — October 16 — Nov. 13 and Nov. 30 - Jan. 9, 5 limit, 5 possession. There is a split season on geese.

To refresh our memory the rabbit season opened on Oct. 1, and ends February 18. Limit 8 per

day, 16 in possession. Squirrel season opened on Oct. 15 and ends Jan. 15. Eight per day, 16 in possession. Hunting coots, season opens on Dec. 1st and ends Jan. 9. Limit 10, possession 20. Coots are also known as "Poule Deau." (Water chickens.)

Coots are a type of water fowl which a lot of people don't like. Soaking them over night in vinegar removes the wild taste and when properly cooked are pretty good eating.

One of our latest seasons is the quail season which opens on December 1, and ends on Feb. 18. The daily limit is 8 per day and 16 in possession. Quail are plentiful in this part of the country and as a table delicacy are out of this world.

It's amazing when people find out a person hunts, will say, how about bringing me a few doves, etc. They don't know that a box of shells cost about \$3 a box, plus gasoline for the car and lunch for about 7 people. Offer to buy some shells and probably you can get to eat some doves.

It's also amazing how fellows who know you when they need a paddler etc., will pass you by when they meet new people and let you sit home. Maybe they don't think?

Dr. James W. Armshaw, a newcomer to our midst, who is associated with Dr. Martinolich, besides being a real guy, loves to hunt and fish. Dr. says he will get back to his hobbies when he gets a little more established.

Nino Enterante who now resides in Baton Rouge, spent the past weekend in Bay St. Louis, dove hunting and fishing. Nino is a real guy and enjoys every kind of sport.

The racing season at the Fair Grounds will start in November. We have a lot of sports in this section who enjoy horse racing and it's only a short distance from here to the track in New Orleans. Will be seeing you then, fans.

Strictly unique to Louisiana since early times and peculiarly associated with the advent of spring, are the crawfishing forays in the shaded waters of our lovely cypress swamps. The Creole crawfish net, a miniature version of a Chinese lift net, although of ancient origin, is still efficient by modern standards and the popular net for shallow waters.

The delicately flavored river shrimp has been a Louisiana favorite since colonial times. It is taken in larger rivers, particularly the Mississippi. — The Louisiana Conservationist.

Whether or not you know it there are plenty of deer and turkey in the northern part of Mississippi and a few down this way. Deer and Turkey inhabit our Marsh lands and are killed by Hancock hunters yearly. Mr. Joe di Benedetto, one of our local hunters, has killed many a turkey right here in Hancock County. There is something different to hunting turkeys, says Mr. Joe, as they are

PATROL WORK IS PRAISED

Upon motion of Supervisor Dean duly seconded by Supervisor Lavinghouse, the following order is passed:

"We highly commend the Mississippi Highway Patrol, the State Highway Department and the Governor of Mississippi for the excellent services rendered our County over the period of many years."

The above motion was unanimously adopted by the Board.

STATEMENT ENROLLED BY SUPERVISOR DEAN

Upon the request of Supervisor Dean, and without objection, Mr. Dean made the following statement for the record:

"I wish to go on record to the effect that since our chairman of the Port & Harbor Commission, (Dr. A. K. Martinolich) is party to a lawsuit against the Hancock County Board of Supervisors would be to the best interest of the Port & Harbor Commission and the people of Hancock County and the Hancock County Board of Supervisors that Dr. Martinolich resign immediately from the Chairman of the Commission, as he being a party to this suit will delay progress insofar as the Hancock County Board of Supervisors and the Port & Harbor Commission are concerned. I feel that we must have harmony to benefit both bodies in their future proceedings."

SURVEY FOR STATE AID PROJECTS

Upon motion of Supervisor Dean duly seconded by Supervisor Lavinghouse that any other survey work for State Aid Projects in the county shall be paid out of the Seawall Fund.

The above motion was unanimously adopted by the Board.

INTERFUND LOAN

Upon motion of Supervisor Dean duly seconded by Supervisor Lott that the Clerk of this Board is hereby authorized and directed to issue warrant in the amount of \$5,000.00 out of the Seawall Fund payable to Hancock County MTO

TURKEY STUDY PROGRESSES — Members of the Mississippi Game and Fish Commission, working with a research team from the University of Georgia, recently completed the second year of a five year turkey study in the Mississippi delta.

Dr. Frank A. Hayes, director of the Southeastern Cooperative Wildlife Disease Study, arrived in Cleveland, Mississippi, last week with his research team to collect turkey poulters for research.

The information gained from examination of the specimens will be used to help eliminate and control parasitic diseases in wild turkey flocks.

L. P. Heard, John Phares, Bob Noble, Bill Turcotte, Harry Clark, Matt Dakin, Harry Apple, Bob Mills, and Dorris Weaver of the state Game and Fish Commission assisted in the project.

Biologist Heard stated that the project appeared to be a general success, and said that Dr. Hayes expressed a similar opinion.

We understand that the filming of the movie "This Property is Condemned" in Bay St. Louis will end in a week or two. We have met a number of real sports connected with the company producing this film and we hate to see them go. However, we are assured that when they get sometime off, they will spend their vacations on the Miss. Gulf Coast. We will be looking for you then, fellows.

It's impossible to meet everyone personally. If you or your family or friends make some good hunts or fishing trips let us have the information and it will be published in this Column. Mail the information to "Dec Elliott" care of the Hancock County Eagle. Thanks.

It was interesting to see a flock of geese light right on the beach in the heart of town. It's a good sign to see this, as geese hunting will probably be good this season. The birds were resting after their long flight south and will evidently wind up in the marshes nearby.

LOCAL RESIDENT LOSES BROTHER IN ACCIDENT

Rev. J. B. Bechel, brother of Mrs. Frank A. Necaise of Bay St. Louis, was fatally injured in a two-car crash on La-Highway 18 and the River Road, two miles south of Edgard, La.

The 32-year-old New Orleans priest, administrator of St. Michael's Church, had been visiting his parents, Mr. and Mrs. Bernard Bechel in Edgard, just prior to the accident.

Father Bechel was ordained in 1959 after completing minor seminary work at St. Joseph's Seminary Covington, and his major seminary work at Notre Dame Seminary, New Orleans.

He was archdiocesan coordinator for special education. Other survivors are five brothers, Rev. Terry Bechel, assistant pastor, St. Frances Cabrini Church, New Orleans; Harold Bechel, Luling; Anthony, Douglas and Ernest Bechel, all of Edgard; and another sister Mrs. Elmore Berthelot Jr., Metairie, La.

Cliff Piazza, who got award for the most Sylvia Hinkkannen, winner of award for the recent CYO dance. The judges were Simmons, from Bay High School.

Above are shown just a few of the many who were party given by members of the Waveland Bay St. Louis Friday night.
